Hi Wendy: Here is what I could find this morning. The Middle Fork draft is routing now, but it is the most current version and would be good to work from. The one on DB is from 11/2015, so it is dated. However, I think we talked about including some sort of fact sheet, etc. to our letters to give each tribe an overview of our action. This second letter does that. It also goes into much more detail on the process and assumes the tribe wishes to consult which I don't think we need. However, take a look and decide if there is more you want to add.

I will also ask Steve in Region 5 since I think they (and maybe R4) went through this process.

Douglas,

Can you send me consultation letters that are appropriate for the WDEQ primacy letters?

Thanks, Wendy
